Re: Devi Mandir

To: Whomever it may concern

I am writing this letter on behalf of All Saints CSS in Whitby, Ontario. Our school has been bringing about 300 students each year for the past many years to experience and to be educated on the religious and spiritual practices of Hinduism. We consider it as a very important part of our catholic education as our students need to work collaboratively with all religious traditions to create a more inclusive, compassionate and equitable world.

We appreciate the administration of Devi mandir for all that they do for our students. It is imperative that the temple facilities remain accessible to all. We whole heartedly support all efforts to make it more accessible.

Sincerely

Tomy Valookaran B.Com, M.Div

Chaplain
All Saints CSS
